

YEARLY STATUS REPORT - 2021-2022

Part A

Data of the Institution

1.Name of the Institution

**Matoshri College of Engineering
and Research Centre**

- Name of the Head of the institution **Dr. Gajanan K. Kharate**
- Designation **Principal**
- Does the institution function from its own campus? **Yes**

- Phone no./Alternate phone no. **02532406611**
- Mobile no **9604788280**
- Registered e-mail **matoshricoe.hr@gmail.com**
- Alternate e-mail **gkkharate@rediffmail.com**
- Address **Eklahare, Near Odha Gaon,
Aurangabad highway, District-
Nashik**
- City/Town **Nashik**
- State/UT **Maharashtra**
- Pin Code **422105**

2.Institutional status

- Affiliated /Constituent **Affiliated**
- Type of Institution **Co-education**
- Location **Rural**

- Financial Status **Self-financing**
- Name of the Affiliating University **Savitribai Phule Pune University, Pune**
- Name of the IQAC Coordinator **Dr. Rakesh G. Shriwastava**
- Phone No. **02532406600**
- Alternate phone No. **02532406661**
- Mobile **9423461940**
- IQAC e-mail address **iqac.mcoerc@gmail.com**
- Alternate Email address **rakesh_shriwastava@rediffmail.com**

3. Website address (Web link of the AQAR (Previous Academic Year)) <https://engg.matoshri.edu.in/iqac/igar/2020-21>

4. Whether Academic Calendar prepared during the year? **Yes**

- if yes, whether it is uploaded in the Institutional website Web link: <https://engg.matoshri.edu.in/academic-calender/2021-22>

5. Accreditation Details

Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 1	B	2.14	2016	19/02/2016	18/02/2021
Cycle 2	B++	2.97	2022	06/09/2022	05/09/2027

6. Date of Establishment of IQAC **20/01/2016**

7. Provide the list of funds by Central / State Government UGC/CSIR/DBT/ICMR/TEQIP/World Bank/CPE of UGC etc.,

Institutional/Department /Faculty	Scheme	Funding Agency	Year of award with duration	Amount
Nil	Nil	Nil	Nil	Nil

8. Whether composition of IQAC as per latest NAAC guidelines **Yes**

- Upload latest notification of formation of IQAC [View File](#)

9.No. of IQAC meetings held during the year 04

- Were the minutes of IQAC meeting(s) and compliance to the decisions have been uploaded on the institutional website? **Yes**

- If No, please upload the minutes of the meeting(s) and Action Taken Report No File Uploaded

10.Whether IQAC received funding from any of the funding agency to support its activities during the year? No

- If yes, mention the amount

11.Significant contributions made by IQAC during the current year (maximum five bullets)

NIRF Ranking.

Awareness programmes.

Publications.

International Conferences.

Organization of NSS camp in adopted village.

12.Plan of action chalked out by the IQAC in the beginning of the Academic year towards Quality Enhancement and the outcome achieved by the end of the Academic year

Plan of Action	Achievements/Outcomes
Applied for NIRF Ranking	Participated in 2021-22
Conduction of awareness programmes by IQAC.	? Internal Quality Assurance Cell (IQAC) of Matoshri College of Engineering & Research Center, Eklahare, Nashik has organized two days workshop on
Publications.	The total Number of publication more than 50. Some papers are published in reputed journal.IQAC felicitate Dr Varsha patil and Dr S.A.Bhavsar for paper published in Springer journal.
International Conferences.	The IQAC, had organized International conference on Contents, Computing & Communication(ICCCC-2022) on 26th and 27th February 2022 associate Publishing Paftner Elsevier-SSRN The total number of paper published in Elsevier SSRN proceeding is 104
Orientation Programme, Refresher Course, FDP, workshops conducted & attended by college faculty members.	The IQAC has created a forum for sharing information among the young faculty members regarding different courses conducted by various HEI across the country. The number of depafiment had organized FDp, workshops.The number of faculty members of respective deparlment has attended Orientation programme, Refresher Course, FDP, workshops.
Organization of NSS camp in adopted village.	NSS camp was conducted on 31/12/2021to 01/06/2022 at Dhakambe gaon, Tal-Dindori,Dist-nashik.Several programmes were conducted during NSS camp.Voter awareness campaign was conducted at the village.

Student initiative programmes	Student conducted Ganesh festival on 19/09/2021 to 23/09/2021. Several programmes were conducted during Ganesh festival.
Teaching and Learning	Development of smart class rooms with state of art facilities. Use of more LCD and laptops in teaching and learning.
Academic audit	Initiated and implementation for academic year 2021-22.
Green, Energy & Environmental audit	Initiated and implementation academic year 2021-22.

13. Whether the AQAR was placed before statutory body? Yes

- Name of the statutory body

Name	Date of meeting(s)
Governing Body	10/12/2021

14. Whether institutional data submitted to AISHE

15. Multidisciplinary / interdisciplinary	
<p>In view of NEP 2020, Matoshri College of Engineering & Research Center has taken steps towards offering the multidisciplinary/interdisciplinary courses. Courses such as Humanity and social science, business communication skills are conducted for the students. Interdisciplinary projects to solve social problems are developed by the students as the part of project based learning and final year projects.</p>	
16. Academic bank of credits (ABC):	

Matoshri College of Engineering & Research Center is affiliated to Savitribai Phule Pune University (SPPU) and has the credit based system. Faculties are actively participating in the syllabus designing of their courses at University level. For assessment of the courses, faculties define the assessment tools and design the assignments, tests, quizzes for assessment of the students.

17.Skill development:

Matoshri College of Engineering & Research Center has designed the skill development programs (SDP) in various domains. The college had established the separate career guidance cell. The career guidance cell is constituted by three members, of which two are the senior faculty from the departments and one is the non-teaching staff. The career guidance cell works in tandem with Training and Placement Cell. The objectives of Career Guidance Cell are: To conduct the survey of pre-final year students about the inclination of their career; to provide the necessary infrastructural facilities; to conduct the career guidance activities; and communicate the students about the career opportunities and career guidance. For career advancement Students are highly encouraged to prepare for the competitive examinations. In- house training support is provided to raise the aptitude of the students and these sessions help the students to develop soft skills and necessary interviewing techniques. Various subject experts at the institute are guiding and teaching the students who are appearing for the GATE examination. Regular coaching is available in-house. Experts from various government departments and civil services are invited to deliver the expert talks to motivate and guide the students. Dr. Muley has been appointed as a visiting faculty, who has conducted the series of lectures for SE, TE and BE students to improve soft skills helping the students for career development. Japanese language training has been provided for the interested students and in last three years 120 students have been benefitted from it. Entrepreneurship related guidance is being provided for the aspirant students.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Matoshri College of Engineering & Research Center has the student club for various activities in Marathi, Hindi and other languages. Various programs are arranged through the club to inculcate the Indian culture. The music club of MCOERC, established in the year 2020. The sole vision of the club is to

connect the divine through rhythms and ragas. The club has performed various activities on occasions, festivals throughout the year.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Matoshri College of Engineering & Research Center has well defined Program Outcomes (PO), Program Specific Outcomes (PSO) and Program Education Objectives (PEO) for each program. The POs, PSOs and PEOs are satisfied through the teaching-learning process and the additional programs conducted at the Institute. As the part of curriculum, each course has defined Course Outcomes (COs) those are mapped to POs and PSOs. Assessment tools are designed considering the requirements of POs. The activities and programs are organized in the Institute to attain the POs. At the end of the semester, analysis of PO, PSO attainment is done by each department.

20.Distance education/online education:

The Institute is affiliated to Savitribai Phule Pune University, Pune. As per the guidelines of University, all lectures and practicals are conducted in physical mode. During pandemic, the system has adopted the change from classroom teaching to blended learning. Google drive, Google classrooms are effectively used for course conduction and evaluation process. Each course contents are available on Goggle classroom including syllabus, PPTs and notes. The assessments of the courses are done through online assignments and quizzes. The MCQ tests are conducted using Moodle platform. Online sessions are conducted and recorded on Google meet. Various student activities are conducted online using Google meet.

Institute has its own portal as <https://learning.matoshri.edu.in/>, which is a digital repository and for access of video lectures. Link is available at home page of institute website <https://engg.matoshri.edu.in/> (<https://engg.matoshri.edu.in/>). Through an online portal, video lectures and supporting learning materials are made available for the students. Video lectures are prepared as per university prescribed curriculum for all the theory and laboratory courses. Besides that few topics beyond curriculum are covered. Each course video lecture series is outlined with clear objectives, outcomes and plan. At present the video lectures available at portal include-Number of Courses:156, Total number of video lectures:2411, Average duration of one video lecture:35 min Overall feedback: Excellent, Total size:400 GB. Every course's

video lecture series includes pre-recorded lectures, resource materials, lecture notes and assignments. Some of the courses have self assessment tools like case studies, quizzes, puzzles, tests and simulations. It serves as any time anywhere learning aid and own motivation for students to learn the course without any constraints fostering the habit of self-study. The videos and related material are reviewed by the competent experts and Feedback is collected from students and senior teachers online. Based on suggestions and recommendations of experts and feedback, corrective measures are taken to improve the quality of video lectures and learning material. It is observed that students appreciate the availability of recorded lectures, which leads to higher course satisfaction.

Outcomes and Impact-

- Anytime anywhere learning at an individual pace.
- Opportunity for self-study and self-testing improved learning with different topic difficulty learning without any obligation.
- Opportunity for multidisciplinary learning.
- Higher count of elaborations, practice of solving numerical and problems with varying complexities
- Easier way for revision and better understanding through practice questions and assignments.
- Overall more effective learning.
- Improvement in quality of the teaching

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The institute follows the curriculum prescribed by the affiliated Savitribai Phule Pune University. Annual calendar is published by the University, and based on University calendar; departmental academic calendar and activity calendar. The well defined and documented processes for academic planning, continuous monitoring, examinations, and quality assurance are as follows-

I. Planning: The choices of elective courses are collected from the students, course preference for teaching is collected from teachers and accordingly courses are allotted to the teachers. The course file and Lab manual is prepared by respective course instructor. Faculty prepares teaching plan, laboratory plan, test plan, assignment plan, and pedagogical plan and verify the readiness of laboratory resources for the conduction.

II. Execution and Monitoring: The curriculum is well transacted

to the students adhering to teaching and lab conduction plan with various pedagogical methods. Effective implementation of curriculum is periodically monitored and reviewed.

III. Continuous Internal Evaluation: In semester, internal examinations are conducted to assess the students' performance. The efforts are taken to improve the performance of weak students and additional assignments are given to bright students.

IV. Pedagogical initiatives taken by the College: Different pedagogical initiatives are taken by the faculty for improving quality of teaching-learning and laboratory work.

Link for Additional information	https://engg.matoshri.edu.in/academic-calender/2021-22

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The guidelines of annual calendar are provided by the university. Based on the guidelines, each department of the institute prepares its own departmental academic calendar. Academic Calendar for each semester is prepared by department Program Coordinator (DAC) in the consultation with the HoD before commencement of each semester. Academic calendar includes details of commencement of academics, internal test examinations, Internal, prelim exam, placement guidance sessions, mock practical exam, external PR Exam, External Theory exam and industry visit. The well-defined processes for academic planning, and continuous monitoring support conscious efforts to assure adherence to it. Course instructors record the attendance during lectures and lab sessions. Timely and proper delivery of the curriculum is observed by class coordinator and DAC. These records are observed by class coordinator weekly, by head of department monthly and corrective measures are taken, if required. Monthly attendance and academic reviews are prepared by the department and these are observed by Academic Dean and Principal. Periodic monitoring, review and feedback of the

delivery and transaction are collected and analyzed further and necessary actions are taken. The activities of curriculum delivery, planning, implementation, monitoring for adherence to academic activities as planned and post processing of academic execution.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The institute follows the curriculum prescribed by the Savitribai Phule Pune University university. The curriculum design and development process is carried out by the affiliating university based on the needs of the society. Curriculum is revised at regular intervals. The institute/department/Bos collects regular feedback from all stakeholders, viz., students,

parents, faculty members, professional bodies, and recruiters. The suggestions proposed are analyzed and the recommendations are communicated to the affiliating University through Dean (Faculty of Science and Technology), Chairman and member of Board of Studies, and during curriculum design and development workshops. Some of the senior faculty members are representing as Dean, Chairman or member of Board of Studies. Earlier version and present curricula include the topics such as environmental studies, Safety, security, ethics, social awareness, humanity and social science, professional Code of Conduct and similar subjects. To supplement the cross-cutting issues such as Gender, Climate Change, Environmental and sustainability, Human Rights, ICT, Human values, special efforts are put on various platforms and activities as- Grievances Redressal Cell, Women Grievances Redressal Cell, Sexual Harassment Redressal Cell, SC-ST Support Cell, Anti-ragging Cell exists in the institution, Active NSS Chapter and student clubs at each department regularly conduct various events/ programs.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

The institute has the scientific and systematic methodology for the assessment of the learning levels of the learners. The methodology heavily relies on internal assessment, university

examination results, participation in various curricular and co-curricular activities and responses received in classroom and laboratories. To ascertain the learning level of the learner in question is a big task and it is carried out by Course Instructors, Mentors and Class Coordinators through continuous monitoring of the students' academic performances, interactions in mentor sessions and their participation in various curricular and co-curricular activities.

Advanced Learners are fed with the assignments and tasks identified as higher level of learning. The utmost care has been taken to satisfy their intellectual needs so as to deal with their intellectual appetite.

Slow learners are identified as slow learners who have the problems of lapse in concentration and weak in grasping the course contents and they cannot exhibit the expected level of performance in academics. The Institute has the dedicated staff participating in academic counselling process mostly confined to slow learners. Mentors too have the cordial relationship with the mentee to understand and resolve the problems of slow learners.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

The following practices, methodologies and initiatives have

resulted in enhanced learning experiences.

Industry and Field Visits-

Industrial visits and field visits are periodically organized to understand the industrial working, use of technologies, use of modern tools .

Internships-

Many Final year students and few pre-final year students undergo industry internships during summer and winter vacations.

Project Based Learning-

In project-based learning students solve problems, get hands-on experience of using real world problems, modern tools, equipment, instruments.

Field work-

The programmes like Civil engineering have courses related to surveying. Students perform technical surveys to analyze the components confined to Engineering domain.

Participation in technical, co-curricular events and Competitions-

Institute takes keen interest to motivate and promote the students for participation in various events, competitions and hands on workshops and trainings.

Visits to various expos and Exhibitions-

Students participate and visit various exhibitions and acquaint with exposure to current trends in technology. It adds to competitiveness of students.

Pedagogical techniques with efficacy-

They use various pedagogical techniques such as demonstrations, group discussions, group tasks and quizzes during the teaching-learning process.

MoUs and Industry Sponsored Labs-

Institute has collaborated and signed MoUs with few industries and Industry set up few labs and training programmes.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

The faculty of the Institute effectively use ICT enabled teaching learning methodologies and suitable technologies for content delivery and learning. The methodology adopted, ICT tools and resources used are briefly described here.

Multimedia and Digital Content Delivery through ICT tools and resources:

- The sets of video lectures are prepared by each course instructor in the meticulous supervision of Institute head. These video lectures are available on named Matoshri Knowledge Base at learning.matoshri.edu.in.
- While preparing the Video lectures the course instructors use modern software, modelling software, compression tools, and an effective blend of appropriately identified components.
- The course instructors and laboratory instructor have elaborated the real world examples to improve the understanding of the students through video lectures. Class rooms and laboratories.
- Seminar halls and auditorium are equipped with audio-visual aids that includes projector, Public Address system and internet connectivity with ambience.
- Faculty use the ICT enabled infrastructure available in class rooms, laboratories and conference halls for the delivery of contents.
- Central library of the institute is ICT enabled with Personal Computers, internet connectivity, access to institutional repository of class notes, e-Books, e-Journal subscriptions and library OPAC system.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The internal assessment process is carried out transparently as a part of teaching-learning process covering assessments for internal evaluation of laboratory courses' term works, seminars, project based learning, and final year projects. Workbooks for seminars, project-based learning, and projects are provided to the students in advance.

Laboratory work/term work: Internal Assessment

- Continuous assessment of each Laboratory term work head is carried out and known to the students. The laboratory work evaluation is the basis for the award of term work marks.
- Two internal examiners are appointed for each course's Term work which has an examination head as Term Work.
- Final term work marks are displayed at the end of each semester for student information.

- Students are free to interact with the course instructor to resolve grievances.
- Seminar and the final year project internal assessment is transparently carried out based on rubrics of evaluation.
- In Project Based Learning, learners are supposed to complete the Laboratory Projects.
- Seminar work confined to the pre-final year students needs a thorough literature survey and seeking approval from the seminar guide.
- For the final year Project work, the mentor guides the student to the completion of the project.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The Institute has Examination Cell that takes care of smooth conduction of various internal and external examinations. The committee belonging to the Examination cell is responsible for addressing and resolving the issues / grievances related to internal and external examinations. The Cell observes transparency in dealing with the issues /grievances and most of the grievances are addressed and resolved in due course of time. External (University) examination grievances are addressed by examination section under the supervision of Examination Committee as per the process laid down by the SPPU. To bring transparency in external examination related grievances, a separate large sized notice is displayed at examination section detailing general instructions and the processes to be followed for grievance redressal and the departments are informed time to time regarding the issues. Grievances and issues related to examination, assessment and Certificates are resolved by the institute with the help of Examination Section. With students application and necessary documentation such cases are communicated to the affiliated University for necessary action.

Following is a typical process followed to resolve the grievances related to the external examination.

1.Application for obtaining photocopy of assessed answer sheets

2.Application for verification and re-evaluation.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

Program Outcomes (POs) and Course Outcomes (COs) of the all the programmes and courses are stated and communicated to the learners through institute website and using display boards at chosen prominent places in the respective department. Program Outcomes (POs) are framed following the NBA defined program outcome statements. The Graduate attributes stated by NBA are accommodated while framing the Program Outcomes (POs). All Course Outcomes (COs) contribute towards attainment of Program Outcomes (POs).

Mechanism of Communication of POs and COs: Every Programme's Program Outcomes and every Course's Course Outcomes are well defined, published and disseminated among various stakeholders to acquaint them through-

- Institute website -<https://engg.matoshri.edu.in>.
- Display Boards in the Laboratories..
- Matoshri knowledge base- <https://learning.matoshri.edu.in>.
- Course Files, prepared by course instructor for every course they teach.
- Conveyed during teaching learning process.
- Printed on laboratory manuals, project log book and seminarlog book.

Course Outcomes (COs) are communicated to the learners through the following ways:

- COs are published through institute website<https://engg.matoshri.edu.in>
- COs are made available for the ready reference of the learners through course syllabus copies, notes, hand-outs, lab manuals.

- Course syllabus copies, notes, presentations and lab manuals are also made available to the learners in digital media formats.
- COs are communicated and discussed during teaching learning process.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Institute has a well defined process of evaluating attainment of programme outcomes and course outcomes. Since the Institute is affiliated to State University, the evaluation parameters are defined by the University and are clearly described in the curriculum provided by the University. The heads used for evaluation are Theory Paper, Practical, Oral, Project, Seminar and Term Work. In addition to these, the Institute uses its own heads for the evaluation at Institute level. The heads used for the evaluation at the Institute level are Test Exams, Assignments, Mock Practical Exams and Reports. The evaluation of Course Outcomes is carried out by the External Evaluation Process, which is carried out based on assessment tools used at University and Internal Evaluation Process which is carried out based on assessment tools used at Institute level. For the evaluation the results of University exams and internal evaluation records are considered as data for the evaluation process.

Attainment levels defined for both internal and external assessment are:

- Level 1: 50% students scoring more than or equal to set attainment level.
- Level 2: 60% students scoring more than or equal to set attainment level.

- **Level 3: 70% students scoring more than or equal to set attainment level**

3.2 - Innovation Ecosystem

3.2.1 - Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The Institute got permission from AICTE and the approval for

five PG programs. These programs are run by the institute and state-of-the-art infrastructure has been established by the institute to support the research activities of the students and staff. The institute has recognition by the affiliated University for the three Research Centers, Ph.D. programs. The number of Researchers who have completed their research work in the last five years is twelve and currently, twenty-three research scholars are pursuing their Research. Thirteen Research Guides are available at the Research Centre. The Institution has a research committee to monitor and address the research activities. The committee comprises of-

- Chairman- Principal Dr. G. K. Kharate
- R&D Coordinator- Vice-Principal Dr. V. H. Patil
- Research Center Coordinator- Dr. J. J. Chopade
- Member- Dr. J. H. Bhangale
- 03 external subject experts

The committee has a working plan to emphasize the research component related to the projects undertaken. And the processes related to the research are closely monitored and necessary recommendations and suggestions are sought from time to time. The committee has recommended that the research scholars are expected to register for IPR/Patent, quality publications and motivate the faculty to register for Ph.D. Recently the Institute has got the Incubation Centre at the Institute under the umbrella of the affiliated University.

3.4 - Extension Activities

3.4.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

Our institute has a National Service Scheme (NSS) unit which is sanctioned by the affiliated University, Savitribai Phule Pune University with a sanctioned strength of 50. The prime objective of affiliated University is to sanction the NSS unit and provide financial support for National Service Scheme (NSS) so as to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in an educational institution. It helps to understand the problems of the community, to take the part in social activities, and interact with society. Every year the NSS camp is organized for the duration of 7 days in a rural area, which is monitored by the University coordinator. The separate budget is sanctioned by the Institute for the NSS camp and other activities. The NSS coordinator who has got the approval from the University has to submit the detailed annual report and Audit report to the University for Continuation of the NSS unit.

In 2021-22, NSS camp was conducted on 31/12/2021 to 01/06/2022 Dhakambe gaon, Tal-Dindori, Dist-nashik. Several programmes were conducted during NSS camp. Voter awareness campaign was conducted at the village.

INFRASTRUCTURE AND LEARNING RESOURCES**4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

Institute has a scenic landscape, aesthetic architecture, ecofriendly environment, spacious classrooms, drawing halls, well equipped laboratories and good infrastructure spread over 10 acres. The Institute has well-furnished, spacious, well ventilated and well illuminated classrooms. Classrooms are maintained as per norms for proper visibility and audibility. The classrooms are equipped with adequate furniture, blackboard, projectors, fans, lights and power backup. 70% of the classrooms are provided with LCD projectors and LAN / Wi-Fi connectivity. The Institution has domain centric laboratories as per the rules and regulations of AICTE and Savitribai Phule Pune University, Pune. All equipments are always checked for faults, calibration and wear and tear and accordingly proper actions are taken. Before the commencement of every semester faculties ensure the availability of required software/equipment for the smooth conduction of the laboratory experiments. Laboratories are equipped with sufficient hardware and/or software to run program specific curriculum and adequate number of personal computers are available for the smooth conduction of the experiments.

The college has the seminar halls and conference hall with LCD projectors and screens, audio systems, white boards and a computer with Internet connectivity for conducting hands-on, courses, co-curricular activities/extra - curricular activities, parent teacher meetings, campus recruitment training classes, campus recruitments, meetings, seminars, conferences, webinars, guest/expert lectures, and workshops for students and faculty.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

The Institute has set up the Cultural Club. The members of the

Club are three staff members: one of them is the Chairman, Cultural Secretary which is elected by the students, and three student members those are nominated by Chairman, Cultural Club. Separate room is available for the Cultural Club and the most of the musical instruments and PA system are available. The cultural events are organized during NSS camp, Annual Social Gathering and Farewell functions. The cultural activities organized under the Cultural Club are : Singing, Dancing, Drama, Skit, Mimicry, Antakshari, Instrumental, Anchoring, Fashion Show, Photography, Sketching, Rangoli, Painting, Decorations, Mismatch day, Group day, Traditional day, Sari day, Tie day, Halloween day, and Street Plays. The students performing the best at the Annual Social Gathering are awarded in each category of performance and Mister and Miss are awarded based on the excellence in various performances.

The Institute has developed the sports facilities in campus. It includes Two Volleyball Courts, a Basketball court, Kabaddi and Kho- Kho grounds, Cricket ground, Football ground and indoor facilities for Table Tennis, badminton, Chess, and Carom. In addition to this to maintain the fitness separate green gymnasium and yoga hall are available in campus. The institute has a Green Gymnasium in the premises for enthusiasts and those having the fitness concern. Separate Yoga Hall is also available for Yoga practices. Institute celebrates Yoga day every year and organize Yoga based programmes for staff and students.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

Institute has set up the Library facility at the department level as well as at the central level named as Department Library and Central Library respectively. The department Library includes set of books only. The major library resources are available at the Central Library. The Central library has rich collection of text books, reference books, handbooks in a form of hard copies and e-books. The hard copies available in the library are 15539 volumes and in excess of 8832 e-books. . The Institute has a Membership of NDL, which provides the online access to various learning resources such as audiovisual and text resources. The library has subscribed 89 Print Journals & Magazines. In addition to this the Institute has subscribed for DELNET which provides access to 10839 free E-books in 709

categories and 400 e-journals for engineering and technology. Daily newspapers and periodicals are available in the Library. As per the decision taken by the Statutory Body of the affiliated University about the access of Jayakar Library for the affiliated colleges, the remote access to the Affiliated University's Jayakar Library is available for ejournals and e-books databases. Jayakar Library has a rich collection of e-journals and e-books. The Central Library has a separate digital library equipped with 27 nos. of computers with internet and intranet facilities. For the smooth functioning of library and for the ease of the students a computer interface has been provided.

4.3 - IT Infrastructure

4.3.1 - Institution frequently updates its IT facilities including Wi-Fi

Matoshri College of Engineering & Research Center ensures an extensive use of ICT resources by providing adequate access to computers and internet to its students and faculty. The Institute has procured the necessary hardware and software progressively, depending on academic requirements, technological updates, upgrades and special requirements. The Institute has a Central Server, from where the internet access is routed in the Institute. The Server has state-of-the-art configuration and it is failsafe. The networking of the computing resources has been designed, installed, monitored and maintained inhouse by the Institute. Back-up server is also available at the central networking place. The central Server room is provided with adequate cooling and power backup. Currently 600 computing nodes are connected to the wired intranet. The switching and routing equipments used in the networking are robust and efficient enough to satisfy the needs of the end-users. The Institute has purchased the web space to upload and maintain the video lectures of the teachers. Starting with 2 Mbps leased line at the time of establishment of the Institute the Institute has upgraded and increased the bandwidth to total 100 Mbps today. All the classrooms, programming laboratories, seminar halls,

Library, Office, HoD cabins and auditorium are connected with high speed internet. WiFi facility is also available in the premises for the legitimate users.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

Laboratory Maintenance- All the laboratories are spacious and well. Periodical maintenance is carried out in all laboratories. In house servicing of the lab instruments are done every six months. Major repairs are outsourced by following the procedure of the institute. Consumables are purchased every year. Instruments are calibrated wherever required. Lab assistant & faculty members are trained to do the repairs as applicable.

Library maintenance- There is regular stock verification process carried out by the library. A file is maintained which contains the stock verification reports carried out at different intervals. Physical verification of the library stock is the process by which the accession register is tallied with the books in the library.

Sports facility Maintenance- The sports facilities of college are maintained by physical education department. A stock register and an issue register are maintained to ensure the proper handling of the sports items. Stock verification of the sports items is conducted at the beginning of each semester. Regular maintenance of the play area is conducted under the supervision of Sports' In-Charge and faculty sports coordinators.

Computer Maintenance- All necessary software are installed and maintained. Systems In-Charge is functioning in the campus for resolving the issues like hardware trouble shooting, software installation, Maintaining Biometric devices and network related issues are monitored and maintained.

Classroom Maintenance- At the beginning of each semester the readiness of the classrooms are checked by the facility management team. Regular inspection, maintenance of the classroom furniture's is carried out.

5.3.2 - Institution facilitates students' representation and engagement in various administrative, co-curricular and extracurricular activities (student council/ students representation on various bodies as per established processes and norms)

The college has a student council formed as per the guidelines given by SPPU University. Student's Council consists of student members besides faculty members. The council is chaired by the Principal of the Institute. The topper is a student having the highest marks/GPA in the recent examination in his class. The topper student is selected as a class representative (CR) of his class. All the CRs from the classes are members of the committee besides this the council has representation from the NSS unit. The council has one Sports secretary, one Cultural Secretary, and Ladies' representatives are nominated by the committee. One of the members of the council is selected as University Representative. The activities of the student council include the organization of Tech-feast in each academic year to motivate students to participate in technical and non-technical events. The students are participating in the organization of the annual social gathering, also they participate in the celebration of nationally important days like Independence day, Republic day, etc., to develop the feeling and sense of nationalism and also celebrate Teacher's day & Engineers Day. Council also organizes events like Ganesh Festival, Dahi Handi, Shiv Jayanti, various cultural days, and art gallery events. The role and responsibilities of Student Representatives are to disseminate the information from the college administration to all students and organize co-curricular, extra-curricular, and social events, organize programs in NSS, and maintain a conducive and antiragging environment in the hostel and college premises.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The Alumni Association of Matoshri College of Engineering & Research Centre is constituted with the purposes of promoting and assisting the alumni in carrying out its charter, serving as a vehicle for the institute to continue to enrich the lives of its alumni. In order to strengthen the symbiotic relationship and to execute positive service to Matoshri College of Engineering & Research Centre and society, the alumni association actively interacts as and when required.

Objectives-

- To promote networking amongst MCERC. Alumni.
- To foster the overall development of students with

thecooperation of alumni and college.

- To create awareness of technological development and new trends in research.
- To enable locating long-lost friends from college, to revive old memories and create some new ones.
- To build industry relations with the help of alumni to promote the placement of the students.
- To organize advanced courses, camps, educational visits, workshops, research guidance lectures, demonstration classes etc. for the students.
- To encourage the students for research projects and patent consultancy.
- To arrange and organize lectures, debates, discussions, seminars, and the like from time to time on diverse academic subjects for diffusion, acquisition, and development of knowledge of the students.
- Recognize the noteworthy achievements of the alumni.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

Governance in college functions through Governing Body (GB) and the College Development Committee (CDC) in which decisions, strategies, and regulations related to the development of the college is taken. The Governing Body approves the decisions taken by the College Development Committee and provides the necessary suggestions for the development and implementation. The Principal of the Institute presents the overall progress of the Institute in a view of the academic performance of the

students, co-curricular and extracurricular activity conducted the overall development of the teacher in terms of qualification improvement, training, certifications and research publications and the infrastructural development of last academic year. And present the prospective plan of the institute in tune with the mission statements in a meeting of the College Development Committee. In addition, the financial budget is prepared and discussed in the meeting of the College Development Committee.

The College Development Committee discusses the progress and plan and takes the appropriate prepare the resolutions in a tune with the Vision and Mission of the institute. As per the suggestions of the College Development Committee and the governing body, the Principal prepares the comprehensive implementation plan for execution. The implementation plan includes infrastructure and facilities development, procuring learning resources, appointment and training of human resources, conduction of the academic activities, co curricular and extracurricular activities, and training and placement of students.

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The Institute supports a practice of the decentralized governance system with proper well-defined interrelationships. At the top, there are two committees, Governing Body (GB) and the College Development Committee, formerly known as Local Management Committee (LMC). Executive decisions are taken at the meetings of these bodies mainly regarding Governance, Budgetary allocations, Resources allocation and Expansion. There are three levels of the administrative structure under which all the activities of the institute are carried out. These levels are Secretary, Principal and Department/Section Heads.

The college follows decentralization management through proper and well organized structure. Committees are framed at college

for the implementation of all the decisions and resolutions. The important decision making committees are Governing Body (GB) and College Development Committee(CDC). Special Committees have been constituted for the identified domains of functionalities. Members including teaching staff, nonteaching staff and/or students are included in these committees empowering their skills and leadership quality. Also students are involved actively to work independently through Students Council.

The college promotes participative management and encourages the staff and students for active involvement in administrative bodies like Grievance Redressal Cells, Anti Ragging Committee, Purchase Committee, Library Committee, Discipline Committee, Cultural Committee, and Student Council of the college.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

The institute has implemented the plans strategically since its establishment. Progressively, the infrastructure has been expanded, the academic expansion has been done, extension services have been run, the resources have been procured, and practices have been standardized, human resources have been recruited, trained and nurtured targeting the Vision of the Institute. With the learner centric approach, Institute has concurred a few milestones in the course of 14 years. One of the activities successfully implemented based on the strategic plan is 'The Academic' which includes qualification and competence improvement of the faculty and enhancement in teaching-learning environment that in turn enriches the learners.

Highlights:

- Institute has its own portal is <https://learning.matoshri.edu.in/> as digital repository and for access to these video lectures.
- Through an online portal, video lectures and supporting learning material is made available for the students.
- Video lectures are prepared as per University prescribed

curriculum for all the theory and laboratory courses. Besides, that few topics beyond curriculum are covered.

- Each course video lecture series is outlined with clear objectives, outcomes, and plans.
- It serves as any time anywhere learning aid and own motivation for students to learn the course without any constraints fostering the habit of self-study.
- The videos and related material are reviewed by competent experts and Feedback is collected from students and senior teachers online. Based on suggestions and recommendations of experts and feedback, corrective measures are taken to improve the quality of video lectures and learning material.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Institute is governed by a decentralized system controlled by the strong nucleus. The proper functional delegation exists in the Institute. The Institute follows the hierarchy in the workflow and the roles are unambiguously defined. The delegation works transparently with efficacy so as to provide proper dynamics and adaptability for executing the tasks within the scope. Governing Body (GB) and College Development Committee (CDC) are the executive components in the hierarchy, responsible and accountable for the overall result of the execution.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non- teaching staff

Employee welfare schemes and practices are responsible for high retention of the human resource on the premises. First of all, the institute has group insurance for the employees, which is renewed every year. The majority of the staff members participate in the group insurance scheme and are insured as per their premiums. Recently the family members of the deceased staff have been benefitted from the insured lump sum amount. Institute has Employee's Provident Fund (EPF) for the select staff and the Employer's contribution is regularly deposited without fail. Earn leave and Medical leave facilities are available to the eligible staff. Maternity leave and maternity concessions are also available to the employees. Financial assistance and on-duty leaves are sanctioned to faculty who attend conferences, workshops, and Faculty Development Programs. Faculty are promoted for qualification improvement and study leaves are also granted as and when required. College provides No

Objection Certificate, Salary Certificates, and Needed documents to the employees as and when required. For the official work, if the personal vehicle is used by the staff member then the fuel reimbursement is done as per the usage. If the staff member visits the other City for the official work, then conveyance with Dearness Allowance is paid.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

Performance appraisal for teaching and non-teaching staff is taken once a year in a structured format to evaluate the progress and performance of staff. Teaching staff performance is

evaluated on the basis of academic as well as contribution in co-curricular activities. The principal evaluates the self-assessment forms, analyzes the student feedback from students, and takes a review of the appraisal. Self-appraisal is done on the basis of four parameters are Teaching, Learning and Evaluation Related Activities; Co-curricular, Extension and Professional Development; Research and Academic Contribution; and Others.

The appraisal of non-teaching staff members is done after the screening of self-appraisal form which includes Job responsibility, Courses, and Training Programme Attended, Performance in technical work, Administration related activities, Co-curricular work, and Development related activities. Other parameters for evaluation are Commitment to Organization, discipline, Drive for self-motivation, Behaviour/Attitude related to staff and students, attitude toward work, Team Player, Punctuality, Adaptability, Participation in inter and intra department activity, and Technical Knowledge. The necessary recommendation is given by the concerned Head of the departments and the Principal in the self-appraisal form. The evaluated self-appraisal form of all staff is submitted through HoD/Section Head to the principal. The Principal meticulously reviews the performance of the Faculty/Staff and gives approval for increments. The principal takes the appropriate action for the improvement of the performance of the faculty.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly Enumerate the various internal and external financial audits carried out during the year with the mechanism for settling audit objections within a maximum of 200 words

The College has a mechanism for internal and external financial audits.

Internal Audit: The college has a separate Internal Audit that

monitors the utilization of finances. The frequency of internal audits is Half-yearly. The internal audit is done by the Society Office. Society has appointed an Internal auditor. The regular checks are made with regard to all payments including disbursement of scholarship, salaries paid, expenses of consumables and purchase of equipment, etc. Auditor's report is presented to the Principal and Secretary of Matoshri Education Society.

External Audit: The external audit is carried out by a Registered Chartered Accountant appointed by Society who performs an audit of the financial statements of the college. The grants received by the college are also audited by Registered Chartered Accountant for their utilization.

The financial records of the College are audited every year after the end of March. The audited statement of accounts is submitted to the society office. After completion of the audit process, external auditors give the balance sheet, income and expenditure statement, fixed schedule assets statement, and audit report. No objection has been made by the auditing firm to date. The college accounts are audited regularly by both Internal and External auditors. Hence there have been no major findings/objections. Minor errors or omissions and additions when pointed out by the audit team are immediately corrected/rectified and precautionary steps are taken to avoid recurrence of such errors in the future.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

The college has a well-defined procedure to monitor effective and efficient utilization of available resources for infrastructure development, teaching-learning process, and overall development. The college is self-financed. The financial resources are generated through tuition fees, scholarships from Government, exam remuneration (College share), interest on Fixed Deposit receipts and grants received from University for the NSS unit, Student development, Earn and Learn, Equipment, Parking Shed, Skill development, Research seminar.

Before the financial year begins, all the departments are required to submit their budget proposals. The Heads of the departments and section heads finalize their projected budget and submit it to the Principal. The departmental budgets are then discussed and approved by the Principal, further put into the institutional budget, and then forwarded for approval to the Society office. College budget includes expenses such as salary, apparatus, equipment, consumables, semi-consumables, furniture and library (e.g. books, journals and periodicals), electricity, internet charges, facilities maintenance cost, stationery, bus charges for industrial visit, and other development expenses.

Grants incurred through different funding agencies are utilized appropriately as per the defined heads with prior approval from the Principal. All income and expenditures of the institute are effectively monitored by the management in coordination with the Principal and account officer of the college. All the payments are made through the college account after due processing and approval by the accounts department.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC has consistently striven to institutionalize quality assurance strategies and processes at every level of the institution's functioning. From devising strategies to improve the teaching-learning process through increased use of ICT, expanding the scope of the library, transforming it into a multivalent knowledge portal, and signing MoUs with research institutes to redefining the boundaries of a vitalizing, meaningful, and holistic education the IQAC has been a proactive player in the overall benchmarking process. The IQAC has regularly convened meetings; it has submitted the AQARs to NAAC in a timely manner; it has collected feedback in appropriate forms from different stakeholder categories, analyzed the same, and used it for qualitative improvement.

Two practices institutionalized as a result of IQAC initiatives are:

Academic and administrative Audit: IQAC conducts an internal academic audit twice a semester and takes appropriate remedial actions to improve the quality of technical education.

Student Feedback Survey: Student Feedback Survey of each and every faculty member who handled classes/practical in a semester is taken periodically. A standard questionnaire- simple and straight forward, is used with key factors on which the faculty member's performance is assessed. These are the online and offline surveys for each class of students and the students have to assess the individual faculty member. Based on all the feedbacks, IQAC provides constructive comments to improve the quality of teaching and the teaching learning process, if required.

File Description	Documents
Paste link for additional information	Nil
Upload any additional information	View File

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

Internal Academic Audit System: Every academic year the members of the Internal Academic Audit Committee are nominated by IQAC. Generally, the members of the Internal Academic Audit Committee are the Academic coordinator of the respective department and two academic coordinators of the other departments. The Internal Academic Audit report is submitted to IQAC. Based on the submitted report IQAC prepares the suggestions. This audit report and the suggestions of IQAC are made available to the External Academic Audit Committee. Mechanism of external audit: In the beginning, the members of the External Academic Audit committee are acquainted with the practices, processes, academic calendar, and activity calendar by the head of the department. Then the committee members interact with the head of the department with respect to previous academic audit reports, their compliances, current internal academic audit report, and observations & suggestions of IQAC. Considering the interaction with individual faculty, audit head, relevant documents, defined criteria, and overall ambiance the audit report is prepared. The audit report includes strengths, weaknesses, general observations, suggestions, and recommendations. The audit report is presented by the committee in staff meetings and submitted to the head of the department. As per the observations, suggestions, and recommendations of the committee every head of the department prepares the plan of implementation to overcome the lacunas if any, and suggestions for quality assurance. It is discussed in the DAB meeting and submitted to IQAC for information.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

Education is a human right and is imperative for achieving the goals of equality, development and peace. We establish women grievance cell to look after the effective implementation of policies and programmes for disadvantaged groups and to provide guidance and counselling in academic, financial, social and other matters. And we organize programmes to sensitize college on problems faced by the reserved categories in Higher Education.

7.1.3 - Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 200 words) Solid waste management Liquid waste management Biomedical waste management E-waste management Waste recycling system Hazardous chemicals and radioactive waste management

Solid Waste Management: Our Institution has taken many initiatives towards waste management. we have a simple solid waste management system. It involves everything from collection to disposal. Paper and paper products, pens, disposable drink containers, waste food in canteen and compostable organic material etc are the waste products in college campus. Adequate number of trash cans and dust bins are placed all over the campus.

Liquid Waste management: In our institute care is taken to manage liquid waste by reducing the generation of liquid waste where ever possible. The generated liquid waste mainly comprises of food wastes, dairy products and waste water. In adhering to the first goal on the reduction of water usage, various sensitization programmes are conducted for students on the conservation and use of water. The remaining liquid waste is collected through plumbing system and discharged properly.

E-waste management:The institute takes efforts to minimize ewaste by repairing the computer peripheral and electronic components. UPS Batteries are recharged /repaired / exchanged by the suppliers. The institute also takes benefit of the various buy back offers from the suppliers.Any damages or reductions in capacity are set right by repairs.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

Matoshri College of engineering Education and Research Centre, through its practices and endeavors, is successful in creating a homogeneous group of individuals belonging to different religions, castes and creeds. It has always been at the pole position for sensitizing the students about cultural, regional, linguistic communal and socioeconomic diversities of the state and the nation. Institute has undertaken various initiatives in the form of celebration of days of eminent personalities, National Festivals, NSS and other such activities to provide for an inclusive environment by bringing students and teachers with diverse background on single platform for creating all inclusive environments. Two important national festivals, Republic Day and Independent Day are celebrated every year in Institute campus. All teaching, non-teaching staff and students participate for the cause of nation. The inspiring speeches are delivered on these occasions followed by cultural programme. The Institute always encourages the students to organize and participate in different programs organized by Institute, inter-Institute, university and other Government or non-government organization to make them sensitize towards cultural, regional, linguistic, communal and socio economic diversities. To represent our Indian culture, on the eve of our Institute annual gathering, Institute organizes a traditional dress competition and fashion show. In this competition students wore the different outfits representing the different states, religions and cultures.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Constitution of India is a unique legendary document by itself, helping the governance to rule without any prejudice & malice and easing the lives of citizens. The citizens belong to different backgrounds viz., cultural, social, economic, linguistic, and ethnic diversities governed and guided by the Constitution irrespective of caste, creed and religion. To equip students with the knowledge, skill, and values those are necessary for sustaining one's balance between a livelihood and life by providing an effective, supportive, safe, accessible, and affordable learning environment. These elements are included in the value system of the college community. The students are inspired by participating in various programs on culture, traditions, values, duties, and responsibilities by inviting prominent speakers. The institute has conducted awareness programs on the 'ban on plastics', 'cleanliness', 'Swachh Bharat' etc. involving students. Our institution takes all possible initiatives in organizing various events and programmes for moulding the students and staff to become responsible citizens of the country by sensitizing them to the constitution of the country. As responsible citizens of the country the students are motivated to take part in various activities of the college. The college encourages the students to take part in blood donation camps, study tours for them helping them understand the importance of protecting the cultural heritage of the country. The special lectures also focus on enlightening the students about their rights and duties being the responsible citizens of the country.

7.1.11 - Institution celebrates / organizes national and international commemorative days, events and festivals

Matoshri College of Engineering, Eklahare is committed to promote ethics and values amongst students and faculty. The college believes in celebrating events and festivals in college. It is an integral part of learning and building a strong cultural belief among students. The College makes efforts in celebrating the national and international days, events and festivals throughout the year. Yoga is an invaluable gift of

india's ancient tradition. On the occasion of international yoga day on 21st June". College invites yoga Expert to guide the importance of 'Yoga' to students and staff on same day. We celebrate India's Independence Day, 5thSept is observed as teachers day. Teachers with performance and seniority are felicitated on this occasion, 15thSeptember as Engineers Day. Our college celebrates this day enthusiastically. Teachers with performance and contribution as an engineer are felicitated on this occasion. Constitution Day also known as National Law Day is celebrated in India on 26 November every year to commemorate the adoption of the Constitution of India. We celebrate this commemorative day enthusiastically.

As the first Home Minister and Deputy Prime Minister of India, Sardar Vallabhbhai Patel organized relief efforts for refugees freeing to Punjab and Delhi from Pakistan and worked to restore peace. We celebrate this day as National Unity Day on 31st October.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Title of the Best Practice 1: Organizing Training and Industry tours.

Majority of the Engineering graduates prefer to work in an industry after their graduation. There is need to arrange the industrial visits and summer/winter training during their education so that they understand the trends and technologies used in industry, professional ethics, and industrial work culture. Every department has departmental training and placement student coordinator, who with the help of senior students, alumni, teachers and parents working in industries prepares the plan and coordinates the activities.

Title of the Best Practice 2: Students' empowerment through internship

An internship is a professional learning experience that offers meaningful, practical work related to a student's field of study or career interest. An internship gives a student the opportunity for career exploration and development, and to learn new skills. It offers the employer the opportunity to bring new ideas and energy into the workplace, develop talent and potentially build a pipeline for future full-time employees. The purpose of an internship is to provide real-world experience that enable students to put everything they have learned into action so that they understand the trends and technologies used in industry, professional ethics, and industrial work culture and establishes bonding with industry.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

E-Contents development as an augmentation to Teaching-Learning
 In year 2016, institute took an initiative in establishing NPTEL Local chapter with objective to promote students and teachers to register, learn in greater depth and complete the certification courses. Similarly since year 2019-20, students and teachers are learning from COURSEERA too. Almost all teachers and many students have successfully completed various courses. The Institute has been recognized with Grade A since last three years consecutively by NPTEL. It is noticed that video lectures are important part of core information delivery mechanism. From feedback of students and teachers it has been revealed that recorded video lecture can be a very effective educational tool and has significant impact in changing the learning environment. Institute has taken initiative in training and promoting teachers for creating the video lecture series as per the

university prescribed curriculum for all the engineering and core science courses progressively. Teachers at department since last two years have begun recording the lectures, and made them available online for students and these videos are being used as supportive educational tool. Teachers are guided and trained so as to build effective videos.

Highlights: Institute has its own portal is <https://learning.matoshri.edu.in/> (<https://learning.matoshri.edu.in/>) as digital repository and for access of these video lectures. Link is available at home page of institute website <https://engg.matoshri.edu.in/>

7.3.2 - Plan of action for the next academic year

- Start Ups/Incubation facilities
- Placements quality improvement
- NBA accreditation visit for Computer, Mechanical & ETC
- Enhancing Quality Research Publications.
- Enhance alumni engagement.
- Organization of NSS camp in adopted village.
- Outreaching the industries and society through extension of linkages and MOUs
- Organization of International/National seminars workshops, Orientation Programmes and conference
- Research proposals submission.
- To increase the faculty with PhD qualification
- To increase the pass percentage
- Academic & Administrative Audit
- Green, energy & Environmental Audit.
